

This list of words is from the 1611 King James Bible New Testament only as they were spelled 400 years ago. Note sometimes to save on pace for a line the word he was spelled “hee” or “he”. Many of the words had an “e” or “ie” added to the end of the word. The number after is how many times the word was used in the New Testament

a, 1923	abuse, 1	adde, 6	affectionately, 1
